Honorable Donald Tucker  
Councilman-At-Large  
City Hall  
Newark, NJ

Honorable Councilman Tucker:

On behalf of the Brick Towers Joint Venture, we are pleased to enclose the attached commitment from JPMorgan Chase Bank for financing the acquisition and renovation of Brick Towers, at 685-715 Martin Luther King Jr. Blvd., Newark, New Jersey.

I have included the following three documents:

1. Initial Letter of Interest, dated November 15, 2001;
2. Conditional Letter of Commitment, dated May 24, 2002.
3. Summary of Terms for Construction Financing, dated May, 2002.

This commitment of financing is the result of several months of review by the JPMorgan Chase Bank of the deal. As part of their review, two Vice Presidents of Chase toured Brick Towers in early May, inspecting the interior and exterior of the building, and meeting with myself and officers of the Brick Tower Resident Corporation.

This Conditional Commitment Letter is the final step in the Bank's review process prior to their receipt and review of the actual project documents, including the grant documents from HUD, final architectural plans and specifications, Appraisal, Phase I environmental report and permanent financing commitment. Obviously, we cannot incur the expense of detailed architectural plans, environmental and appraisal, which will be in the \$100,000 range, until we receive a contract to purchase from HUD/Newark Housing Authority. Fortunately, the Engineering Feasibility Report we presented to the Bank was prepared by the Bank's engineer, in whom the Bank has great confidence, and HUD prepared environmental and marketing reports, which provide a basic level of comfort regarding any potential environmental or marketing issues.

You are welcome to speak with JPMorgan Chase Bank directly to learn more about the nature of their commitment by contacting Elliott Hobbs, Vice President, at (212) 552-4280.

As you know, the Brick Towers Joint Venture is a partnership of Community Developers, Inc. and Brick Towers Residents Corporation. This project will provide an exciting opportunity to preserve tenant-controlled and owned affordable housing in the City of Newark. We appreciate your continued support of this effort. We would be pleased to meet with you to discuss this submission in more detail, and to take you on a tour of Brick Towers, so you can see first-hand the great potential of Brick Towers.

We look forward to hearing from you.

Very truly yours,

Virginia Jones, President  
Brick Towers Resident Corporation

Re: Brick Towers  
Newark, NJ

Dear Mr. Melvin:

This letter is intended to express our interest in considering financing for the above-referenced project.

The project will involve the moderate rehab of an occupied 325 unit multi-family project.

We have worked with the development team of Getz Obstfeld and Matthew Lonuzzi for the last 10 years. We have successfully completed over 12 affordable and moderate income projects ranging from gut rehab to new construction of multi-family buildings. The total development costs for these projects have ranged from as little as \$2,000,000 to over \$20,000,000 and the projects have included a broad range of public subsidies.

We have a high degree of confidence in the development experience of Getz Obstfeld and Matthew Lonuzzi and we would favorably view their request for financing of the project.

This letter is not to be construed as a commitment to finance, but as a letter of interest. If you have any further questions, please call me at (212) 622-3601.

Sincerely,

Re: Brick Towers LLC

Dear Getz:

Based upon the presentation we received from you concerning the above-referenced project (the "Project"), JPMorgan Chase Bank or one of its affiliates ("JPMorgan Chase") is pleased to provide this preliminary conditional letter of commitment and summary of terms for the Project. This represents our initial review of the project and preliminary conversation with our Credit Committee.

It is our understanding that the Project will consist of the moderate rehab two 16-story towers and one 4-story building containing 319+4 units of housing. The project is approximately 60% occupied and owned by HUD. You estimate that the total development costs will equal approximately \$11,959,634, including acquisition, hard and soft costs, and project reserves.

You are negotiating with HUD to obtain a \$5,974,817 grant or 0% subordinated mortgage from HUD to support the development funding of the project.

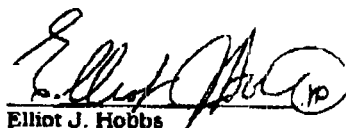

You have requested us to consider a \$3,000,000 construction loan which will be repaid by a permanent loan from another source to be determined. If made today, a JPMorgan Chase acquisition and construction loan would have a floating interest rate of Prime plus 1.0% (Prime currently equals 4.75%) and a financing fee equal to 1.0% of the JPMorgan Chase construction loan. Its term would equal no more than 18 months.

This preliminary conditional letter of commitment is contingent upon credit approval and completion of the due diligence process, including without limitation receipt of

satisfactory appraisals, environmental reports, structural reports and final budgets, and execution by you and us of a formal commitment letter, and acceptable current financial statements of the borrower and guarantors. Either party may terminate negotiations regarding this preliminary conditional letter of commitment and the attached summary of terms at any time for any reason. All funding agreements for the Project with any other parties shall be in form and substance acceptable to JPMorgan Chase in its sole discretion. JPMorgan Chase reserves the right to modify and/or add to any terms described in this letter and/or the summary of terms following receipt and review of due diligence materials that shall be satisfactory in all respects to JPMorgan Chase.

The foregoing is intended to summarize the structure and basic terms and conditions (subject to modification upon completion of due diligence by JPMorgan Chase) upon which JPMorgan Chase would consider providing the financing described herein. This is not an inclusive statement of all provisions, documents or requirements of a closing.

JPMorgan Chase Bank

**STATEMENT**

This amendment to the zoning ordinance will permit the creation of a School Zoning District for primary and secondary schools in the City.

President Bradley called for those desiring to be heard on the ordinance to approach the rail, give their name and address and be heard.

**MR. HENRY ARCE, DIRECTOR OF COMMUNITY SCHOOL PLANNING, EDUCATIONAL LAW CENTER**, addressed the Members of the Municipal Council stating the current language in the ordinance would limit less-traditional definitions of schools, such as schools based in the buildings of commercial or community-based organizations and added that it allows more creative development of these projects.

**MS. JOANNE ATKINSON, PROJECT MANAGER, LA CASA DE DON PEDRO**, addressed the Members of the Municipal Council voicing concerns that mandatory parking lot size requirements would eliminate green, open and play space as well as eventually affect the amount of space available for residences.

No one else appearing, a motion to close the hearing and defer action on the ordinance on second reading and final passage, further, directing the City Clerk to forward copy of said comments to the Departments of Law and Economic and Housing Development for their review was made by President Bradley, seconded by Council Member Tucker and declared adopted by President Bradley by the following votes:
